In this crazy
confused
mixed-up
world,
Simplicity comes like a
breath of fresh air.

I saw you in the night.
I felt your presence in the full moon.
You held a star in your right hand,
In the left you held my life.
We talked, and understood.
Our minds reflected the clear sky...
But then day light came and with it the
clouds that passed between us.
And you were gone.
I'm alone now,
Thinking of you.
Wondering if there will ever be another night.

I see with new eyes, hear with child-like ears and my heart is full of joy and wonder. My only sadness comes from knowing what has been lost; The precious time that passed while I was asleep. But even this is washed away by the richness of now and the promise of tomorrow.

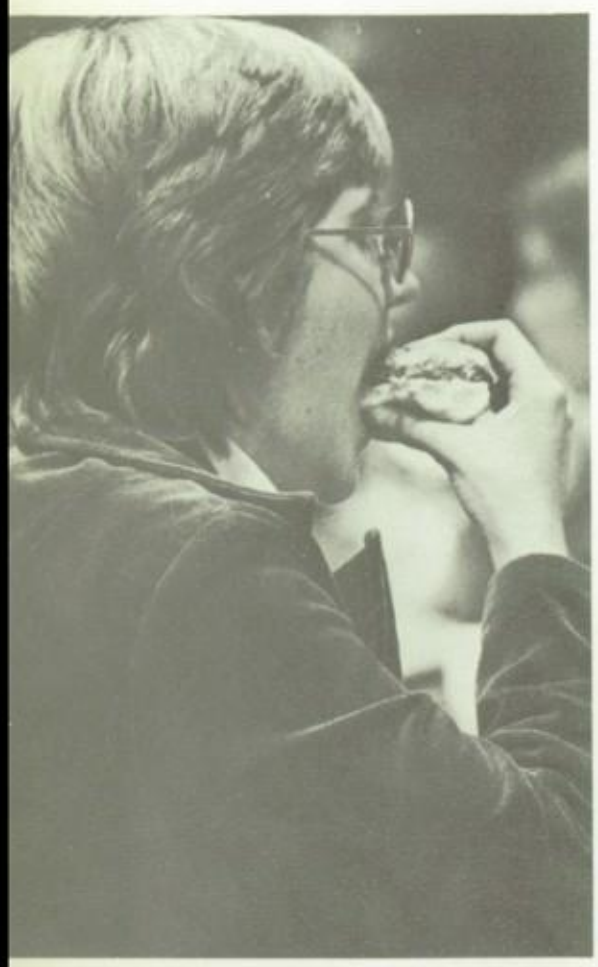
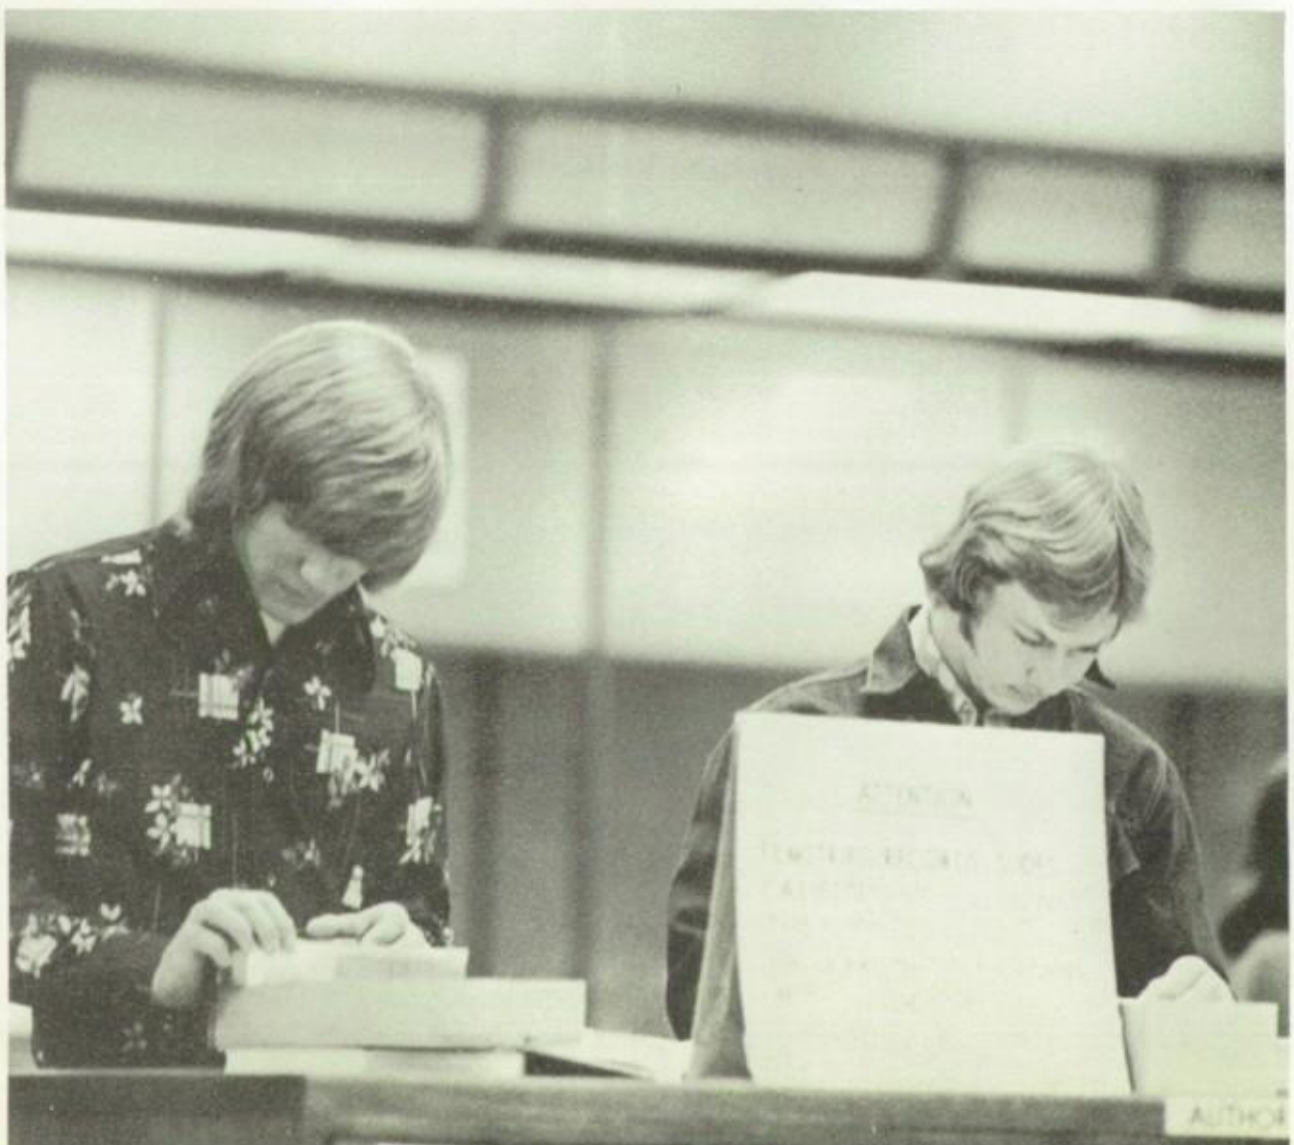
Activities



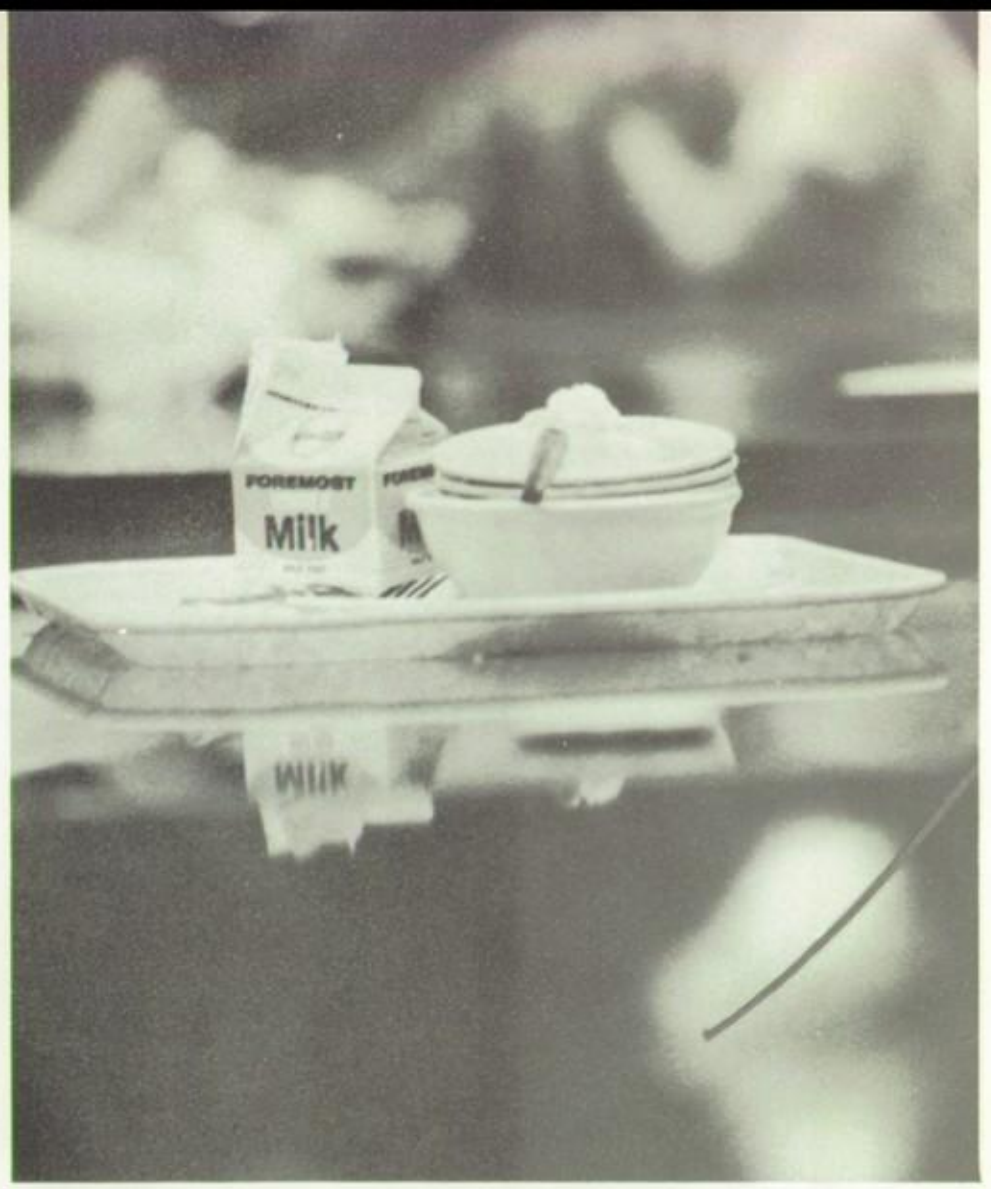
Free Time is Full Time

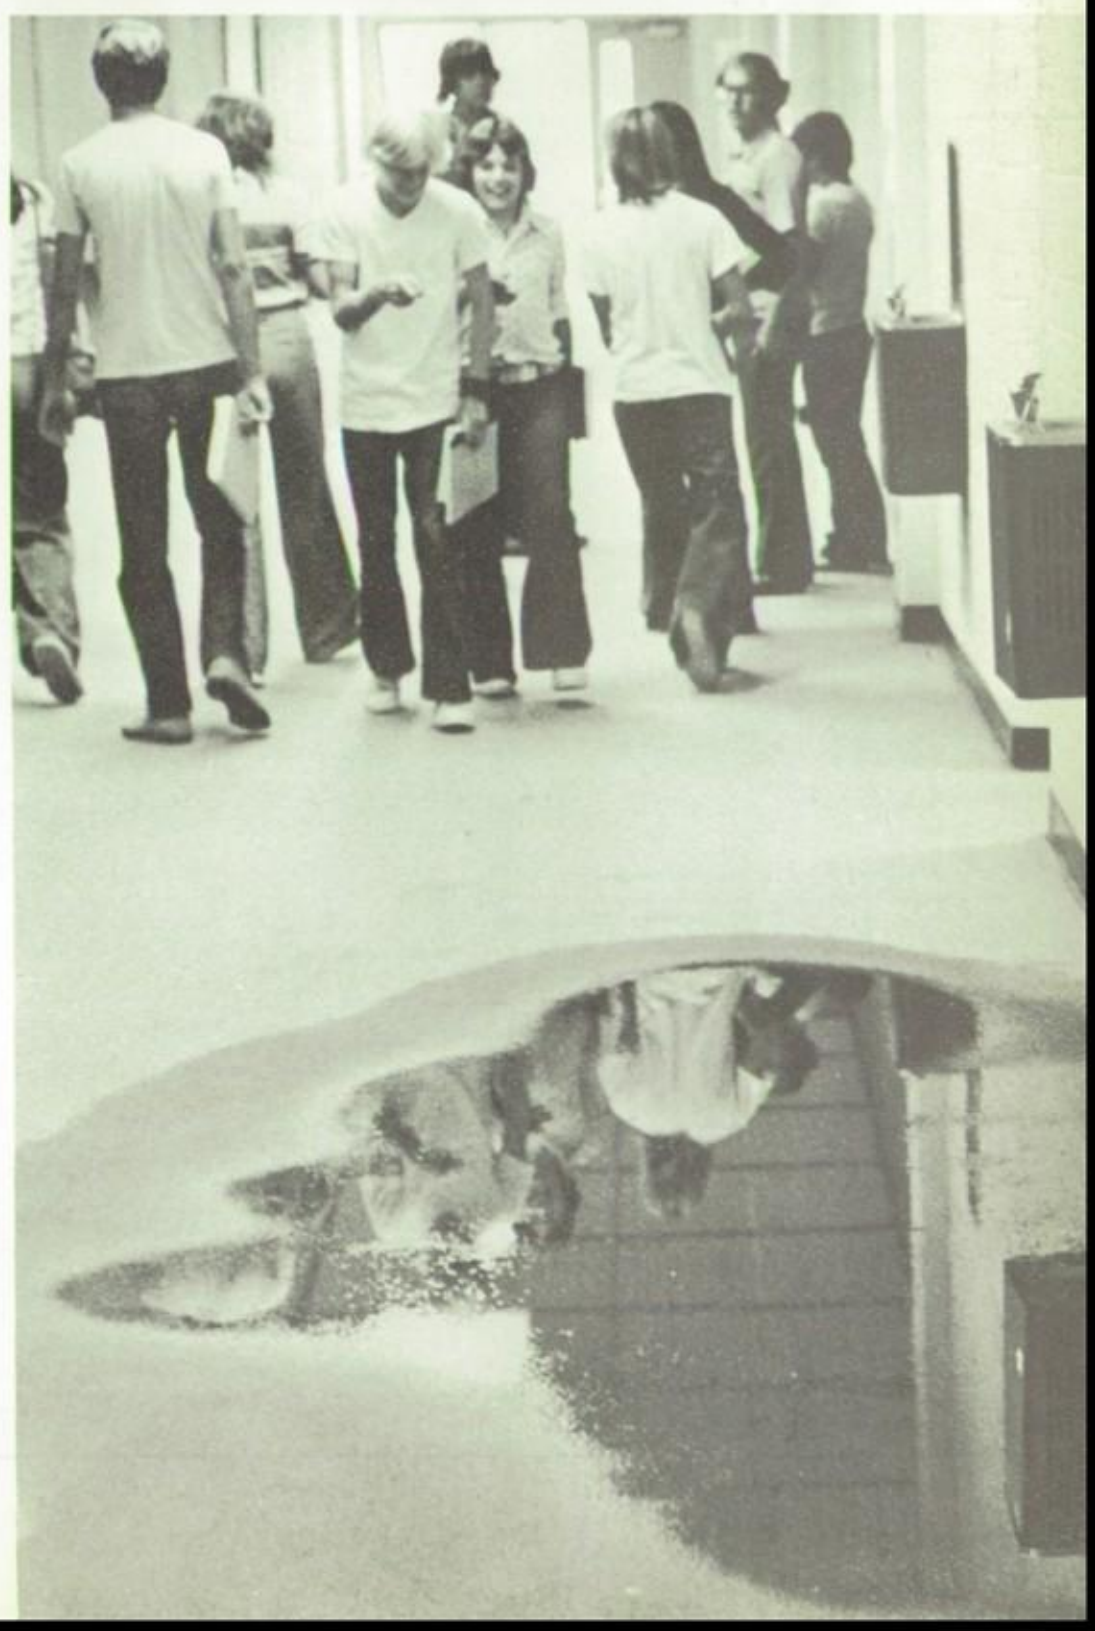


The way students spend their free time is generally one of limitation, but a necessity of the day.

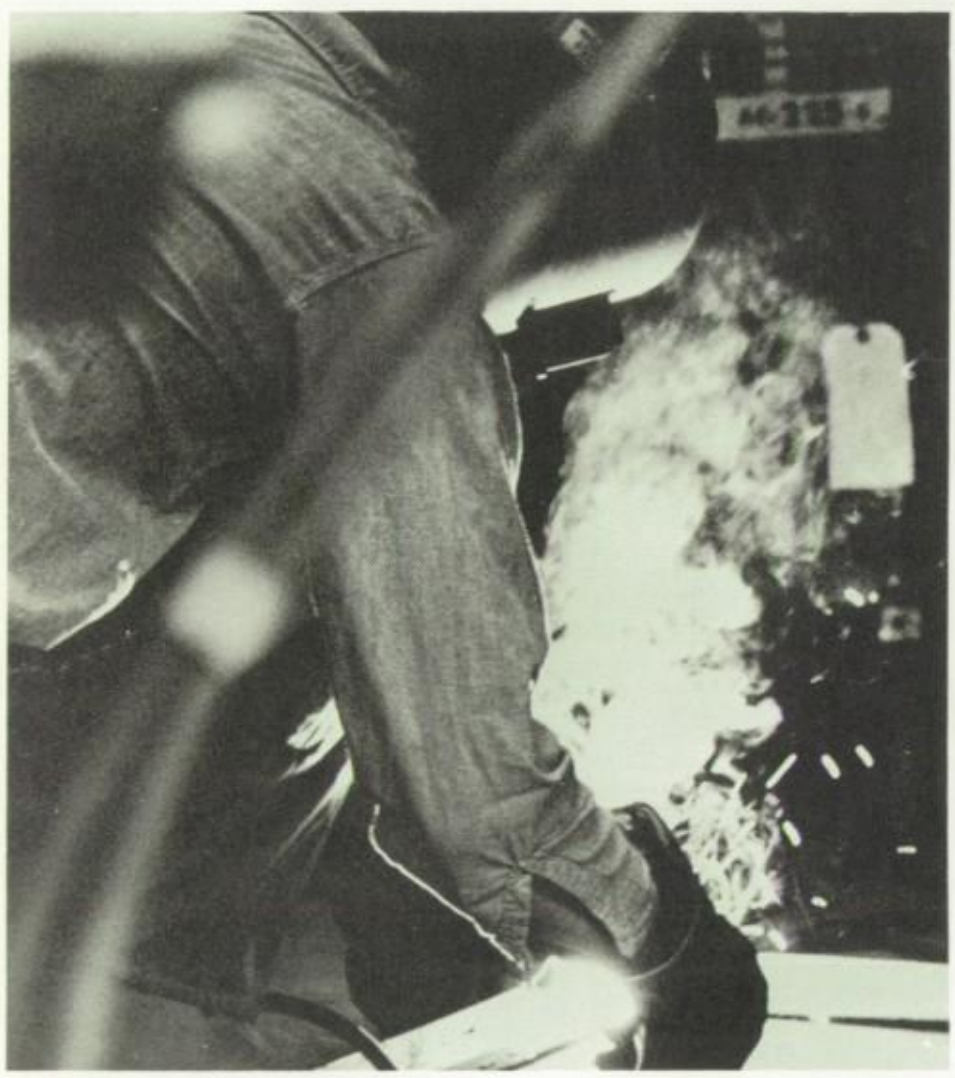
Students usually have at least two free periods during the day - the fewer classes one has the more free time.

Regardless, students usually spend their time in the cafeteria (what a better way to pass the time than eating), in the library, across the street, club activities and various other programs offered at school.





Classes behind the scene



Among the nightime activities at Browne is a whole new "school" of thought. Community education involves many different types of people and a variety of courses. The community school is run by Mr. Don Cline and Parks and Recreation by Ms. Jan Ringgenberg.

The school feels that given the opportunity to make fuller use of their schools, people will work together to improve themselves, their homes and their communtiy. It adapts its facilities to multiple use and to persons of all ages. It makes all facilities and trained personnel available day and night year round. It promotes democratic thinking and action through the Browne Recreational and Educational Advisory Council.

The courses include: bellydancing, welding, silversmithing, English as a second language, photography, auto shop, and a variety of other.

Students go "Bananas" over assemblies

Assemblies this year meant the temporary time-out of the everyday routine to a good excuse to get out of class. Like past years, assemblies ranged from frequent pep assemblies to highlighting upcoming drama productions. They also gave many students a chance to meet their school officials as well as getting acquainted with our sports program and teams. Others found it a good time to listen to their Varsity Band.

Other assemblies included a fashion show, guest concerts, and Senior College Day. Along with presenting students with new ideas concepts, career choices and educational opportunities, it is hoped that student involvement and interest was maintained throughout the year.

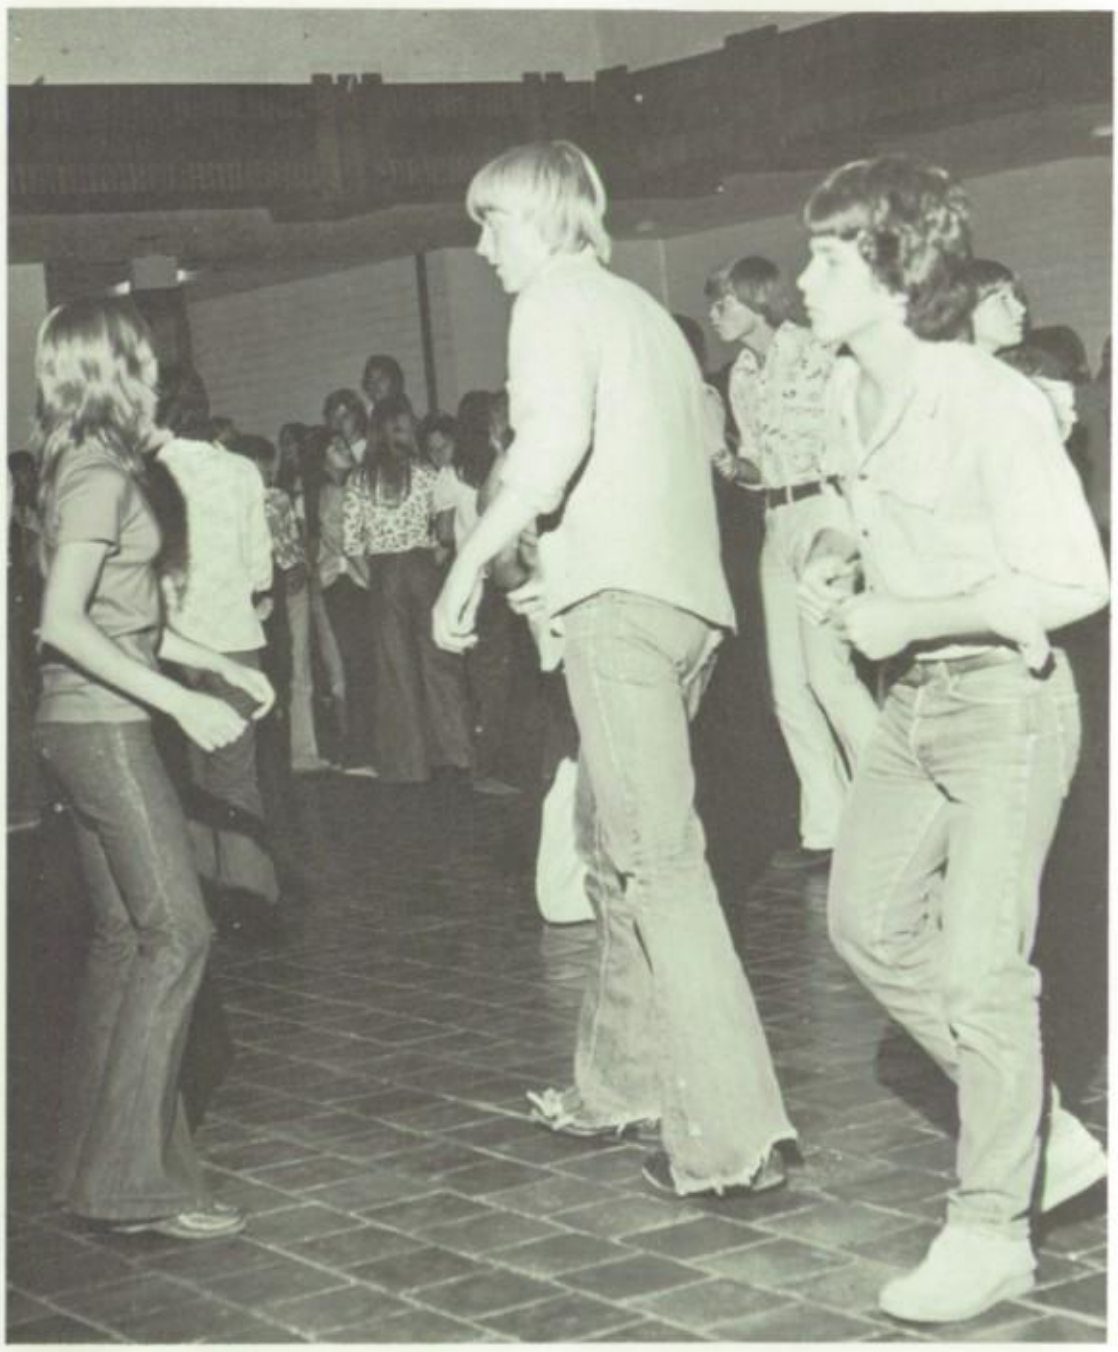
Despite apathy, dance attendance improves



A lot of people come to the dances at Browne just to listen to the music or to meet friends and talk, but there is that small minority who come and actually dance. When they were asked what they thought of the dances these are the responses they gave.

"They're alright, I don't see why people don't like them." said Carolyn Hoffman, Sophomore.

"The ones with the bands aren't as good as the ones with records," reflected Freshman Sal Gonzales.

Arlene Ilgen, Junior commented, "The dances are something different to do. I like to listen to the band."

Junior, Wes Beatty was asked why he attended the dances. He summed it up with, "Because they're there."

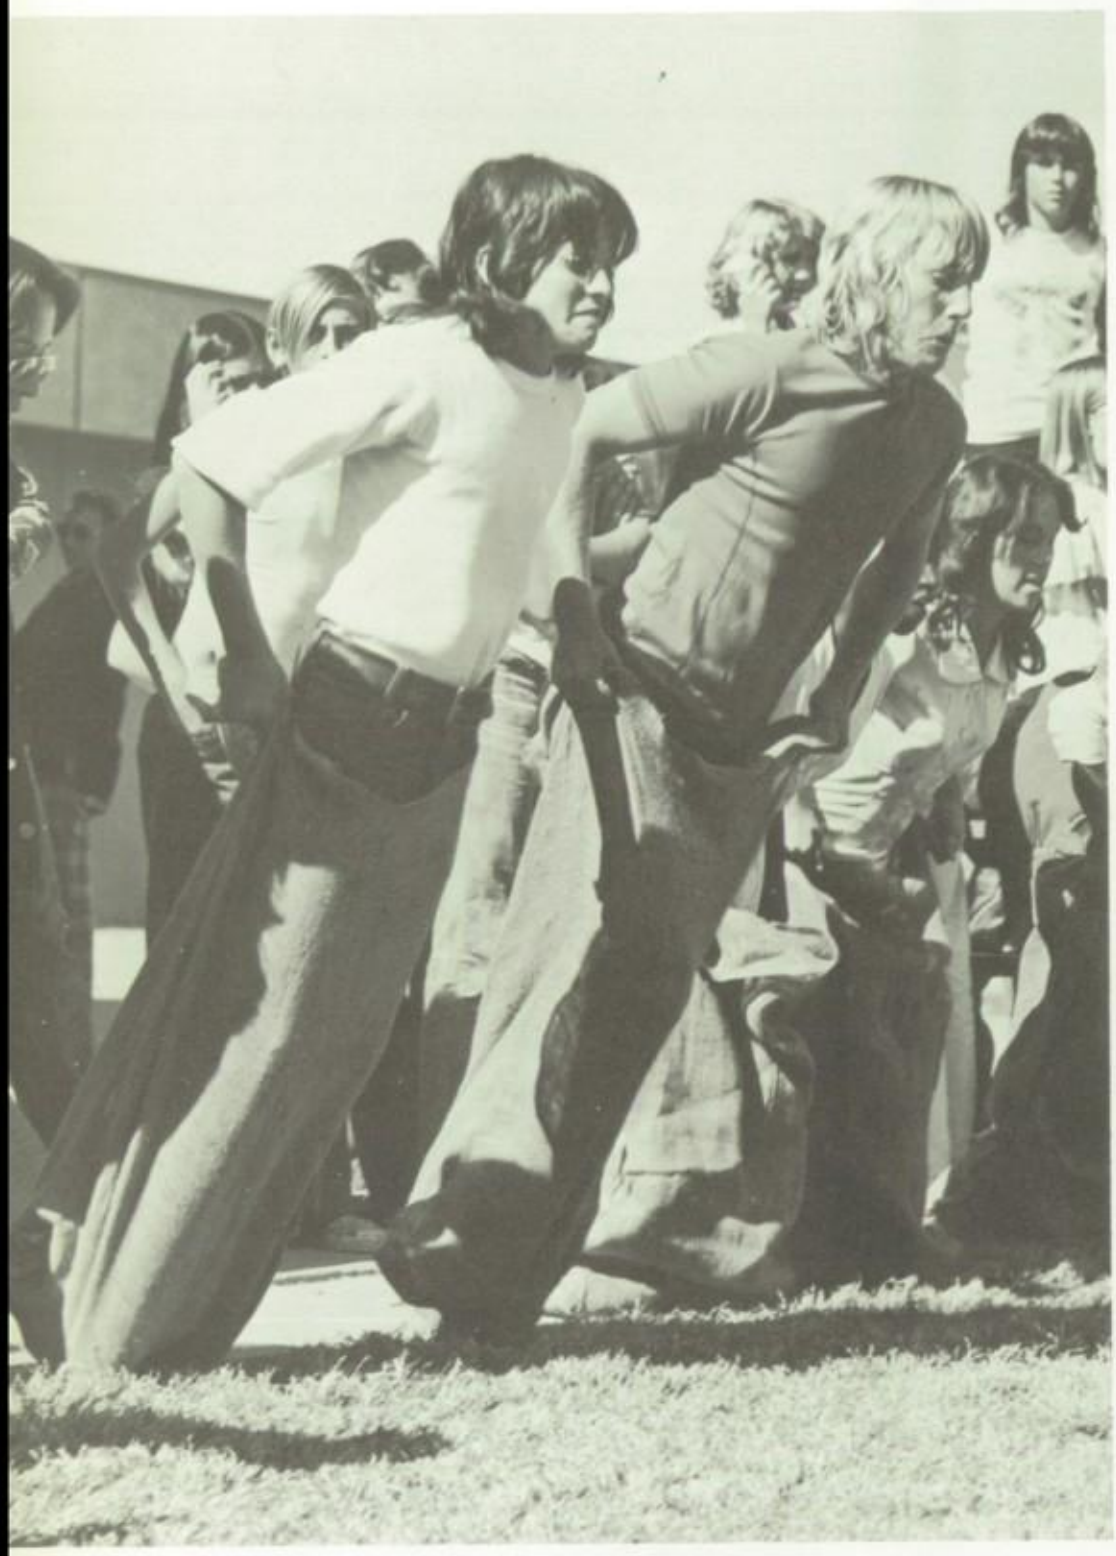
Yuletide spirit captures student body

Throughout the year there are many assemblies. There are the Pep assemblies, assemblies to promote up coming plays and sports activities, and the traditional Christmas assembly.

Competition was held between the three houses for the best performance. The entertainment varied from comical skits about the season to carols sung in different languages. House 3 was given the honor of winning for their performance. Teachers also contributed to the yuletide spirit.

As few assemblies are, the Christmas assembly was held after school, but many enthusiastic students came and helped to brighten everyone's Christmas cheer.

Groucho, Bozo, and Betsy are hits



The Student Government sponsored the traditional spirit week as part of the homecoming celebrations. Each day consisted of a different way to dress and lunchtime activities. Two days were celebrated with the bicentennial in mind, with clown day and the Marx Brothers day adding a special flavor to the week.

Spirit day ended the festivities with the homecoming game that night. The floats were displayed around the field at half time. C.O.E. and D.E.C.A. won first prize for their "Rocking through the ages."

So whether one enjoyed Groucho, Bozo, and Betsy Ross or sack races, pie eating contest and hoola hoops most, homecoming week turned out alot of enthusiasm and proved to be fun and eventful for all.

"Off to Camp"
We'll try to make camp a big success,
Hopefully it won't be a big mess. @
We hope we'll have a lot of fun -
laying around and WORKIN' in the sun.
OF COURSE we'll win ribbons by the ton!!
After we've danced and cheered & won!
We'll all become close, as close as can be.
We'll stay together like fish in the sea.
Don't ever give up when things get rough, cuz everywhere things get tough.
Now we'll fly to Panama Cal., hoping these all will come true -
And I hope to and sing at camp and never be blue! Love

'Hill House' Has Haunting Effect

The Thespian's first play of the year, "The Haunting of Hill House,' is a chilling and mystifying study in mounting terror in which a small group of 'psychically receptive' people are brought together in Hill House, a brooding, Mid-Victorian mansion known as a place of evil and ill will. Led by the learned Dr. Montague, who is conducting research in supernatural phenomena, the visitors have to probe the secrets of the old house and to draw forth the mysterious powers which it is alleged to possess--powers which have brought madness and death to those who have lived there in the past.

Stadium sees first Homecoming

With the completion of the stadium during the fall, Trevor Browne was to finally host Homecoming on their own soil. Students, Faculty, and Parents packed the newly completed facility to witness the "best Homecoming on record." Spirit Week was culminated by the traditional kick-off highlighted by hundreds of red, white, and blue balloons. Bicentennial music filled the air as the floats proceeded before some 3500 people. A first for Browne was the fireworks.

Preceding the Homecoming festivities Fred Williams, a former student, was remembered through the hearts of many. CeCe Conners, Jane Graves, and former Trevor Browne students, Daryll Goodon, and Pete Christofolo, presented Mr. and Mrs. Williams with a plaque in memory of him.

The Homecoming Dance attracted nearly 700 students and alumni. Happy times and memories were relived as Homecoming Week drew to a close.

The 1975 Bruin football team was a team that no-one could talk about. With only a handful of returning lettermen from the preceding year, Coaches Mitton, Taylow, and Tucker were in a for a big teaching year. A helpful factor was 1974's Junior Varsity team.

After the first two games, where no points had been scored by the Bruins, the team then broke the ice by beating Tolleson 10-12. The young Bruins seemed to progress at an astounding rate after being pounced on by Maryvale. The team quarterback, Tim Durham, settled down and showed great poise from the North and West games on through the season.

The main reason the Browne football team compiled a 4-6 team record was because of workhorse, Forrest Valora. Valora carried the ball 44 times in one game and 45 the next. (45 was a new Arizona State Prep record). Valora became a household.

Coaches Mitton, Taylor and Tucker should be commended on this years' football team. Their well done job was shown by five Browne players who made divisional honors. They were: Forrest Valora-1st team all division linebacker. Valora also made 2nd team offensive back along with Tim Durham for defensive back, and John Surette, Steve Barton, and Tom Olivares all received honorable mention.

The Junior Varsity football team pulled out two wins with enough injuries for all the high schools in the Phoenix area. Jaime Michaelson, Chico Mulcock and Sonny Favela among many more were hurt for either all or part of the season. Coach Harkins will send such stars as Tres Kane, Jeff Watkins, Chico Mulcock, along with others to the Varsity front.

Among the best offensively were: Jaime Michaelson and Dennis Harkins. Receiving top defensive honors were Tony Silva and Alex Moreno. Hopefully, on the varsity level they won't be as injury prone.

Cross Country runners rip Maryvale

One of the highlights of the year is to beat Maryvale. The rivalry is high and so was the spirit. There was a great team effort, which proved itself, when the Browne runners came across the finish line hand-in-hand to best Maryvale 15-40. The runners look forward to this every year but never have we seen such a sweep.

The team fared well until an injury dampened the spirits. Kevin Ashley, one of the top five runners, was injured in the early part of the season. Until then the team had been undefeated.

The Varsity team consisted of three Seniors-Dirk Rommeswinkel, Craig Cushman and Kevin Ashley, two Juniors-Charles Kamb and Paul Donka, one Sophomore-Gail Skousen, and one Freshman-Malcolm Nurvamsa.*ABOVE:* Brown team displaying pride as they come in first through fifth against Maryvale. *RIGHT:* Kevin Ashley and Malcolm Nuvamsa stride for position.

Bruins were rated as heavy underdog

The Bruin varsity basketball team for 1975-1976 was short on experience and in height but tall in desire, dedication and discipline. With only two senior starters returning from last years 11-10 team and boasting a tallest player of six feet two, the Bruins had to rely on unproven juniors to fill graduation gaps in the line up.

The Bruins led by guards Brian McCusker and Mike Schumacher and inside men, Steve Cameron, Dan Trasente and Rob Will, finished the season with a 10-13 win loss record. The Bruins finally succumbed to a 53-44 defeat, but they left the floor with their heads high and their pride intact.

Brian McCusker was selected to the first team All Division squad, making him the coaches selection as one of the five best players in the P.U.H.S. system. Brian also established a new state record for consecutive free throws, without a miss - thirty-one. Mike Schumacher was selected to the second team in League A and honorable mention on the All Division squad. Steve Cameron set school records in field goal percentage, rebounding and blocked shots. Steve will be a good candidate for the All State team next year.

Defense was the key

The Trevor G. Browne J.V. Basketball Team experienced the best season of any J.V. basketball team in the young school's history. The Bruin's 12 and 7 record reflected the type of effort that was put forth by the squad all year. Defense was the key according to Coach Johnson and it takes a lot of desire and determination to play defense at 100%. He feels that the Bruins put forth this effort consistently all year. A supper attitude was the other big factor in the Bruins successful season. Outstanding players for the J.V. team were Jeff Hoyt, Jeff Watkins, Jerry Petty, Tom Barnes, Tim Schumacher and Terry Craig.

Browne Matmen place 5th in divisionals

The varsity wrestling season can be summed up with two words, "above average." With such talents as: Steve Mallernee, Ron Whitmore, Paul Whitson, Mitch Rognholt and Forrest Valora to lead the team to a 6-5 season record. The Browne grappler did such feats as beating division champs, Alhambra, also taking first in the four-way tournament over Maryvale, Carl Hayden and Tolleson.

The best outlook for the team was there were only three Seniors on the team, Scott Armand, Robert Ramirez and Paul Whitson. Coach Holland's outlook looks bright.

Junior Varsity hits 9-3 record

The J.V. team under coach Tom Tucker did a fantastic job this year. When varsity people were hurt they were replaced by very competent wrestlers. Such people as John Brown, Mark Vacari, Mike Gregoire and Ron Overstreet to name a few made the season as successful as it was. The J.V. at the beginning of this season lost to Alhamb ra but came back later in the year to beat the Lions. With this many J.V. people will be added to varsity roster for a lot of depth.

Team developed fast

"The Bruins had their strongest Varsity and J.V. teams yet," according to Coach Fred Kessler. Varsity was led by Kel Whisner and Brian Cail, number three man was Dave Kokaska. Ron Rouyer, Sophomore, went his first four matches undefeated.

Once again, the teams were relatively inexperienced but developed fast. Juniors, Dave Kokaska and Larry Carver and first-year players Bob and Joey Lehman, Sam Beeson, Jim Anderson, and Brett Garwood make Trevor Browne's future in tennis look promising.

Track starts off on a winning note

The Varsity track team started off well by winning their first three meets. The Seniors were a strong point for the team. Some of their other high points were Mark Allinger--long jump, Steve Thomas--high jump, and Dirk Rommeswinkel in the mile and the 880.

Track was one of the most popular participation sports at Browne, however, the spectatorship was not so popular. The morale of the team was very spirited which helped immensely in such an exhansting sport. The boys worked as a team and their efforts paid off.

New equipment helps team endure

Bigger than ever, the J.V. track team pulled through. Not only light-footed, they were light-hearted and that helps in a sport where endurance is a main key to winning. The team's future looked bright as the track season began. They were off in the running and failed to slow down.

A big asset was the usage of the new equipment and an almost brand new track. The boys had the best facilities around. This was the first year for the pole-vaulting series and the first year for Browne to host the State meet and divisionals.

Bruins lead at mid-season

With the coming of March also comes the Bruin golf team. The season lasts approximately ten weeks, beginning the first of March and ending in the middle of May. The boys get to play on courses all over the valley such as the Phoenix Country Club, Thunderbird, Papago, and others. Practice lasts from two to four hours a day.

After only five matches Dean Johnson, Freshman, had the second highest average in the division, Mike Kerby, Sophomore, was tied for the third best average, Tony Stasik, Senior, was tied for sixth highest, and Jim Bruen, Senior, was tied for tenth highest average. The Bruins led the division at mid-season.

A pretty good outlook for the 1976 season of Varsity Baseball proved otherwise as injuries took their toll on numerous players. However, as bruises, cuts, and sprained fingers healed, Bruins proved to be tough competition as the season got underway. Many Bruins returned to put in another great year of baseball. Speed and agility were their best bets for a possible playoff birth in late May. An overall good season was expected.

Prospects look good

The J.V. team had many fine prospects. They hoped to follow in the footsteps of the year before and go on the win the J.V. Conference Championship.

The team had some fine hitting prospects in Brent Wilde, Scott Baehre, Greg Redmon, Tom Barnes, and Jim Youell. As the season was just beginning, the predictions were good for the conference if their defense held up and pitching improved.

Browne hosts state meet

The third year for the Varsity gymnastic team started well. There was a great freshman turnout and the prospects looked good. This turnout helps make the future look bright in a growing program and a coming sport. This was the first year that the team has been really competitive, they have made steady improvement as the team had a number of returning members. The state meet was hosted by the team and it was one of the best ever.

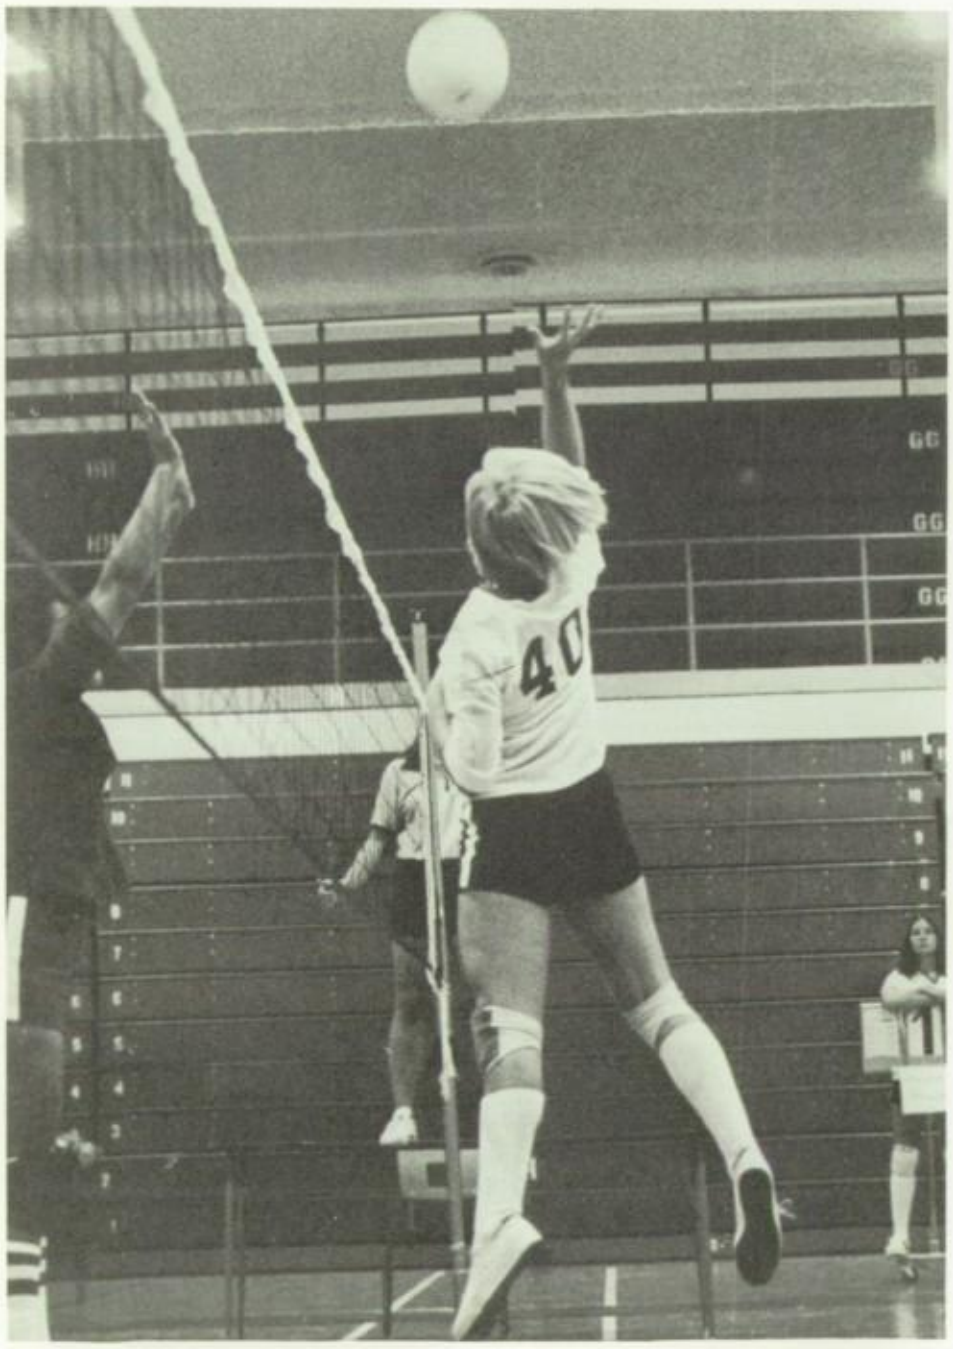
GIRLS'

SPORTS



Freshman tennis going strong.

Under the coaching of Ms. Edie Roodman, the girls' Freshmen tennis team experienced a 7 and 4 record. From early September through early November, 90 minute practices attribute the girls' success and determination. 14 girls comprised the team and Ms. Roodman adds that the future holds continued success. Her star players include Karen Regman, Virginia Whitmore and Debbie Bladdish.

Golf gals Gain experience

As Browne went into its fourth year, so did the girls golf team. This year's season was one of "under par" as the team lacked experience. 7 girls comprise the team highlighting seniors Jill Barney and Linda Adams as the numbers 1 and 2 players, respectively. The season begins in September and ends in early November. This year was also the 4th year for Ms. Mathews coaching. It is hoped through more support and experience, the girls gold team will become a number one team in the city.

High competition Faces volleyballers

Eleven members make up what Ms. Mass thinks the best team ever for Girls Varsity Volleyball at T.G.B.

Practicing from 3 to 5, or 5 to 7 had proven successful, as they have had any losing seasons yet her team include two starting Freshman. All 11 players are highly skilled and work very hard. They would like more support. They entered the semi-final bracket at season's end, and she's very proud to announce that Tracy Lemieux and Cindy Franke make the All-Star team. Outlook for the future is very good.

The Junior Varsity Volleyball team seemed to be below quality this season. The girls had to cope with rough competition. Ten girls made up the team and are good hopefuls for the '76 - '77 Varsity team.

First year hoping for 500 season

A first for Trevor Browne, as well as numerous other schools was the birth of a girls' cross-country team. Ms. Johnson became coach for the team, which in regulatory competition, a minimum of 5 girls is needed to score and up to 12 members only. The first half of the season each girl ran 1.5 miles lengthening to 2 miles in the latter part. Ms. Johnson is hoping for 500 season.

Lack of participation and support has had some effect on this year's team, however, the future looks much brighter. "Improvement will grow as interest grows," says Ms. Johnson. She also added that a J.V. and Varsity team will evolve only if enough girls tryout.

Few returning players hinders season.

The Varsity Badminton team experienced a disappointing season as the team lacked for returning players. The six team members faced very keen competition, also the six members all went to divisionals. Ms. Neill commented that Jennifer Jarvis placed sixth in divisionals in the state.

The girls J.V. Badminton team had a very successful season more girls tried out this year, unlike previous others six members comprise the team with three alternates. The season begins in September in whiich 12 matches are played. Next year should be superb due to many returning players and additional experience.

New coach sparks team

The girls' tennis team underwent another change. Besides new members they acquired a new coach--Edie Roodman. Her enthusiasm seemed to help as the girls' had never been closer and more supportive. Their attitude was tremendous and it proved itself.

Tennis is not as easy as it looks. It consisted of at least two hours of practice everyday, running a mile, a good attitude, and working on techniques. With this combination the team expected a winning season.

Divisionals held at Browne

Thirty girls comprised the TGB track team. The team definitely improved over the season. The girls went to eight meets, four of which were hosted by Browne. Another first, the track divisionals were held at Browne on May 7th and 8th. The anticipation was high and the team proved themselves worthy.

Five girls represent the girls' archery team. This was only the second year of action. It was under the coaching of Mrs. Mass. With a few returning members the team had a good start. Jennifer Jarvis was the number one player and a strong supporter. The team competed against more schools this year as the number of teams increased.

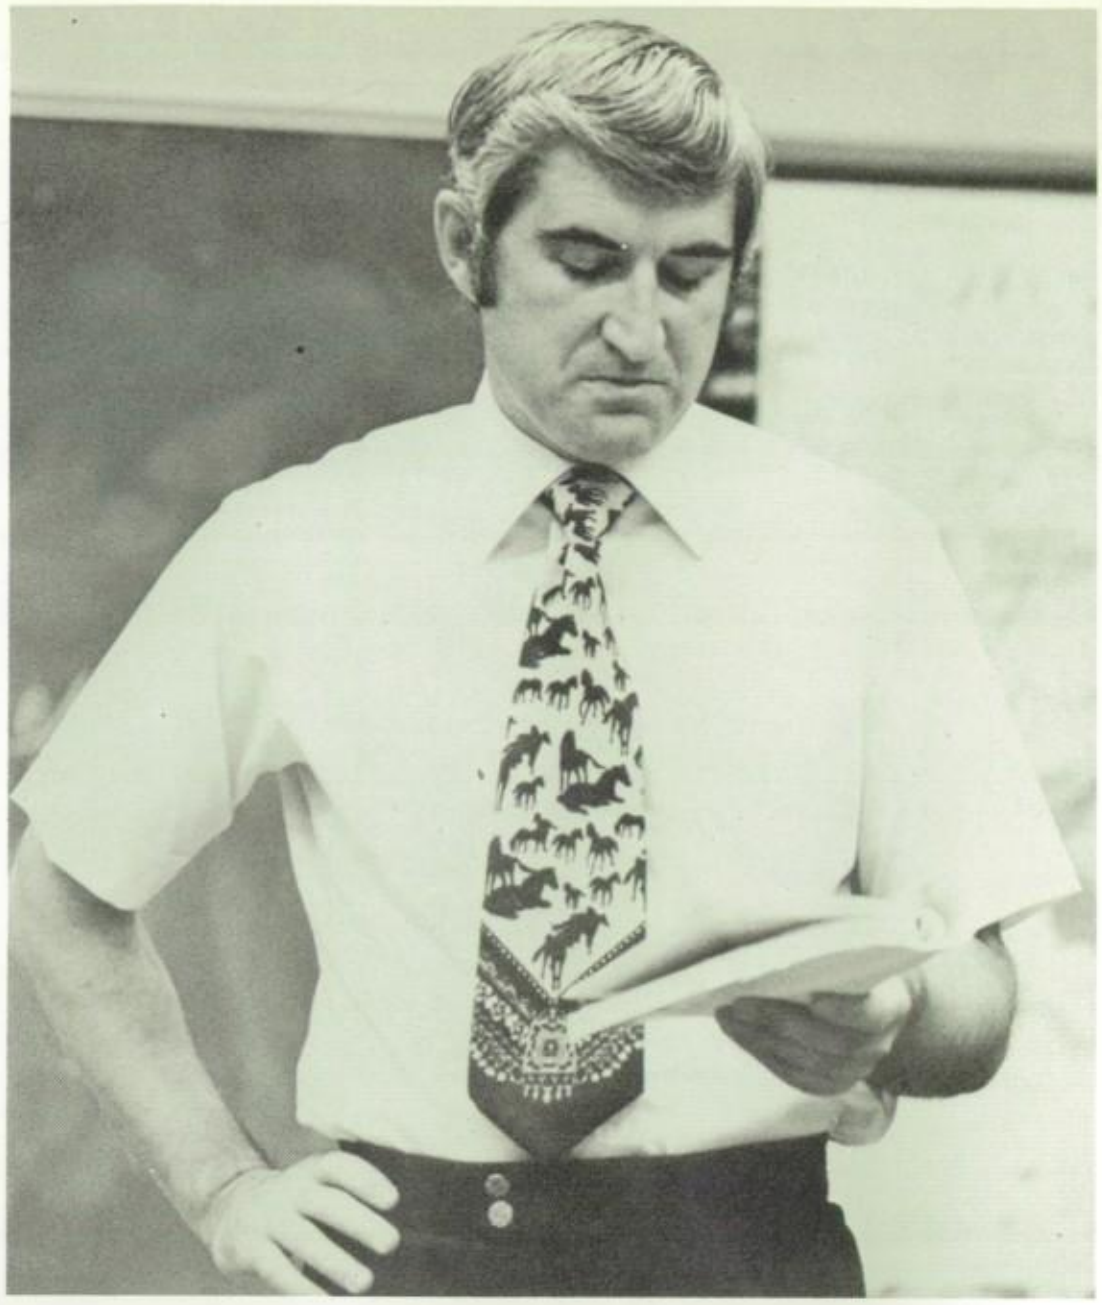
Variety Sparks English



The English curriculum offers a wide variety of courses, ranging from the required Freshman and Sophomore English classes to such electives as Mythology, Novel Now, and Children's Literature.

The atmosphere is relaxed, more so than at other schools. Students are encouraged to be creative and the teachers try to include all students. "I try to reach out and help all my kids, " said Mr. Jim Hayden. "The teachers are really unconventional and creative, which helps learning tremendously," according to Junior Mary Woodall.

Social Studies differs at TGB

Social Studies subjects are grouped into two categories, required and elective. Browne, unlike other schools, offers most of the required courses to Freshman & Sophomores.

The program also differs from other schools by not being administrated by a department, but by three seperate houses. This is why many offerings are restricted to one or two of the houses. In the required courses, the students generally stay within their designated houses.

The Math Department at Trevor G. Browne has made a lot of expansions to their program this year. Here at school they have broadened their MAM program, (Math Accountability Model).

On expanding their ideas they have moved out of the classroom and have gone on a field trip to the District Computer Center. The students saw many computers including the one that keeps track of all the school grades. The computer at Trevor G. Browne does a lot more this year. It is used for drill and practice to help students improve their basic skills.

Soon the Math Department will be moving to the business area. This is a move they are greatly looking forward to.

Including all the expansions Mr. Hickman says, "overall we have a very good and useful program."

Business Modernizes

Keeping current and in line with the needs of the times is a big part of the emphasis of the Business Department at TGBHS.

Equipment that is helpful, outside resource business people, and experienced teachers who keep up on the latest innovations in the business world are typical of what is found in the business curriculum.

Students are encouraged to select their own grade levels through contract work, and progress at their own pace. Students can also receive typing credit by examination, which is only available at Browne, and no where else in Arizona.

Science Well Equipped

Trevor Browne's Science Department is one of the best equipped in the country. This equipment is put to use everyday in eight different labortory classes: General science, Earth science, Biology, Chemistry, Physics, Astronomy, Advanced biology and Advanced earth science. In addition, the seminar room, dark room and computer are kept busy by twenty students who are participating in a program of independent study for gifted students.

Lab activities are enriched by field trips to areas of interest such as Kit Peak Observatory, the San Diego Zoo, Montezuma's Well and the Grand Canyon. Outside speakers provide first-hand information about a wide range of scientific topics and career possibilities.

At the end of each trimester the student assistants in the department are reqarded for their heroic efforts with a gourmet banquet prepared by the staff most of who are culinary artists.

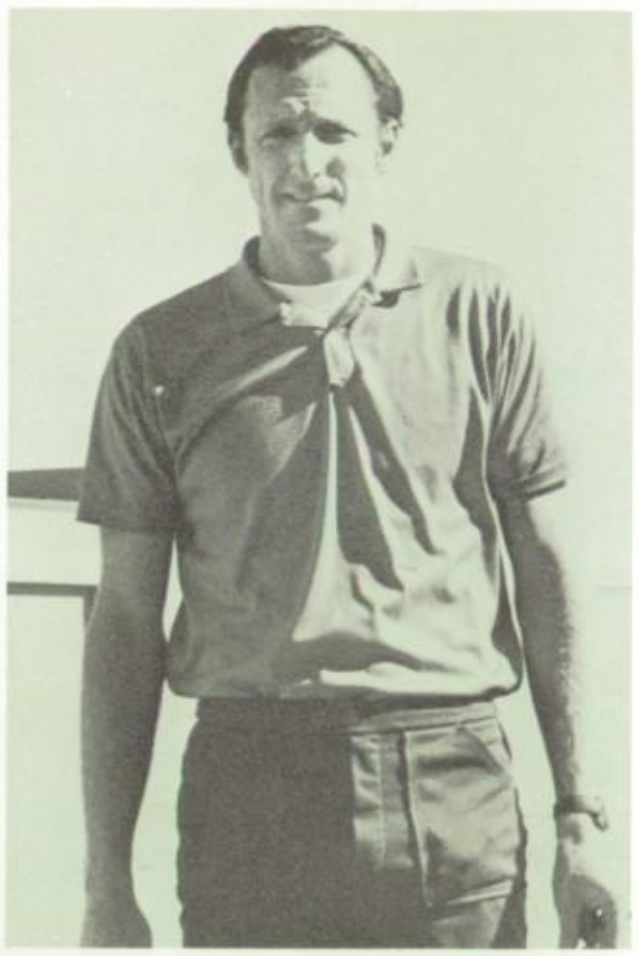
P.E. enrollment soars



With physical fitness being important for a sound mind it is not a surprise that P.E. classes are going strong. P.E. stresses coordination, not just athletic ability. Although P.E. is not required, many students enjoy being in classes that keep their bodies fit.

Industrial Arts Into full swing

The relatively new Industrial Arts department is now into full swing. Besides offering classes such as auto mechanics, drafting, and graphic arts, they also offer general shop and advanced general shop for girls. The popularity of these girls' courses has made the enrollment in Industrial Arts swell in size. The availability of excellent equipment and facilities is the reason for this, making it one of the most advanced Industrial Arts departments in the state.

Home Ec adds Coed Course

This year the big news on the Home Economics scene is coed Bachelor Survival. In previous years Bachelor Survival has been only male, but this year girls were introducted into the picture. Besides this, Home Economics also offers such courses as Child Development, Human Relations, Clothing, and Advanced Foods. Home Ec is elective.

Language busting at seams

The rapidly expanding Foreign Language department has one problem many other departments would love to have: popularity. Class loads swelled this year in all three languages, Spanish, French, and German. Spanish received so many new students that they even had to have Mr. John Palmer take on one Spanish class. This boom was due to the rapidly improving communication and transportation in the world today, therefore a bilinguist is more important than ever. Also, advanced equipment and exciting teachers make language enjoyable to learn.

Creativity is the word

Special Ed for Special People.

One department you don't hear very much about is the Special Education department. But the teachers combine patience with teaching skills to prepare students, that otherwise might not get the chance, to function in society. This very important quality makes Special Education a vital part of the school's curriculum.

Darkroom still intact

Bosch & Co. really blew it this year. Approximately $12,000 on a 320 page book. It was one of the biggest books in the state and the staff's #1 headache. Only six staffers from the previous year were here to train the oncoming rush of rookies, however, they contained themselves and the darkroom is still intact.

Bear Facts

All the news that fits we print.

Sensationalism is our specialty.

. . . the Kingdom of God belongs to such as these.

[Luke 18:17]

The Bear Facts newspaper staff attained some notable milestones, namely to be gifted with its first large staff, (over a dozen) and devoting an entire edition to in-depth stories, covering such things as teen-age drinking, the Nuremberg trails and hitch-hiking. A member of Quill and Scroll, they attended the AIPA Publications Workshop held at Mesa High School in October.

This year the poms went to camp in Pomona, California. It was a lot of fun, and they won a lot of awards. They returned with different and new dances to start the season. In addition to dancing,the poms do skits and have contests during the pep assemblies. The poms' sponsor this year is the new dance teacher, Miss Neill.

School spirit helps cheers.

After returning back from a week of camp in sunny Pomona, California, the cheers were excited and ready to go. They brought back great ideas to promote spirit, including, the big "Go Bananas" rage and "Let me see you boogaloo." Edie Roodman became the new cheer sponsor and brought about a new change in the lines. It's been a good year for the Varsity Cheers and they owe alot to the school's good spirit this year.

J.V. cheers think spirit!

This year the J.V. cheerleaders are, captain - Cindy Jackson, Pam Ashworth, Sandy Perrigo, Dotty Bowman, co-captain- Rhonda Ross, Mary Levy. The cheers went to Pomona, Ca., with the poms and varsity cheers. They received three, first place ribbons, one second place ribbon, and two pep pennants which were shared between all of the lines. The cheers said that they really enjoyed working together and cheering for the J.V. teams. Special thanks go to Edie Roodman and Lana Iserman for all of their help this year, from all of the cheers.

Long hours, Dewey Hopper, & toilet paper, highlight Bruin band

Long hours and devotion are requirements to become a member of the marching band. From early August to late November, 75 band members practice hard in hopes of pleasing the crowd at the five football games. Band starts one-half hour before regular class. Recognition received for their efforts comes from a mere applause from the audience. Along with the football season come pep assemblies, where you'll always find the band. An extension of this is a basketball pep-band playing at nine home games.

In December the band moves indoors. The band will then work on music ranging from classical to the new bicentennial songs. The product is four concerts ending with graduation. Aside from the five performances on the field and the four indoors, there are contests, festivals, and parades that the band participates in. They received high ratings for their efforts. They put in extra hours on evenings and weekends to represent the school around the city and state. The band entered the U of A musical festival, ASU band day, and the Rodeo parade. Each year the band also plays for the ROTC pass and review.

The band does all their own fund raising to make all these events possible. Aside from cheese and soap, an annual Dewey Hopper vs. TGB faculty was established. $750 was raised.

The band has routinely taken over Village Inn, had parties, and done interesting artwork with toilet paper. The year concludes with an annual banquet. The band is directed by Joe Washburn.

Stage Band

An almost all male group comprises Browne's stage band. Two saxophonists, trombone, guitarist, and four trumpets produce top notch "up beat music." Selections range from blues to rock to jazz to oldies but goodies. The stage band gave two concerts this year and played at the end-of season basketball games. The stage band meets 8th hour along with the choir. It is also under the direction of Joe Washburn.

TOP ROW: Mark Gershman, Rhonda Hickman, Joe Meile. *BOTTOM ROW:* Charles King, Steve Fleming, Craig Brown, Lon McMillan.

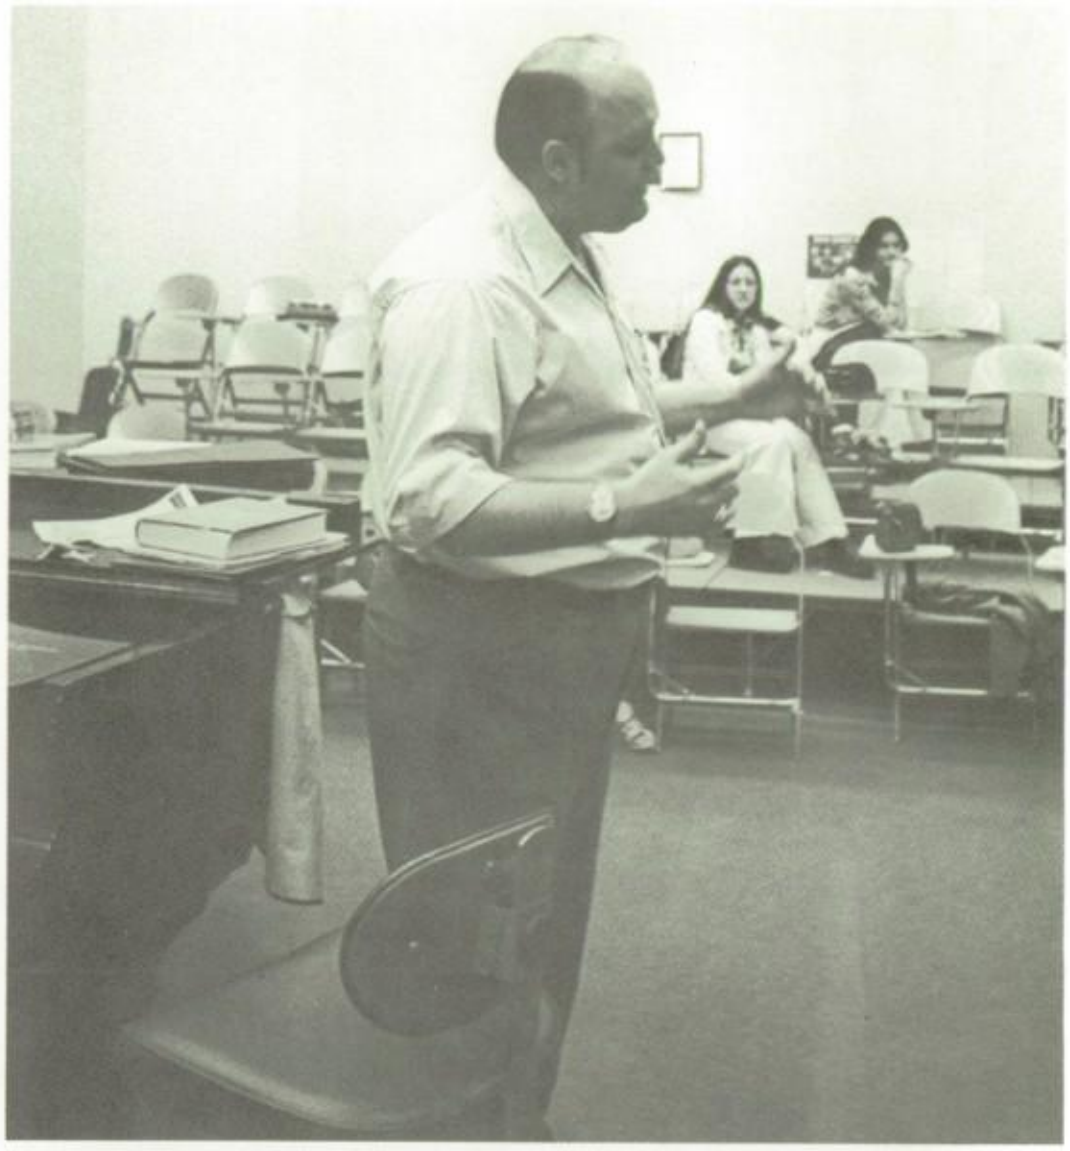
Majorettes

Enlivening pre-game and half-time shows with their abilities, the majorettes have been an added attraction at athletic events. Drum major for the year was Rhonda Hickman. Majorettes were Lorelei Woods and Kathy Workman.

Orchestra

Even though three people make up our orchestra, they are still as spirited as any other musician. They have played solos, duets, and trios and have expended their knowledge in classical music. Hopes for the future include an enlarged string ensemble and attending concerts throughout the valley. The orchestra is under the direction of Joe Washburn.

Choir highlights Bicentennial songfest



Forty-two members make up this year's Concert Choir. Marcia Skousen and Rhonda Hickman provided the piano accompanying as the choir sang about the valley. The choir sang at three school concerts and participated in a valley wide Bicentennial songfest with the Phoenix Symphony in February.

They have a council to organize light fund-raising and events throughout the year. Plans for the future include an expanded enrollment and possibly touring throughout Arizona. Again, this year, the choir was under the direction of Joe Washburn.

Student Government at Full Strength

Student Government began last year with two weeks of intense campaigning and a congratulatory luncheon. A first for Stu. Gov't was the sale of activity cards, and the sponsoring of the Christmas Formal. Other events held encluded pep assemblies, Spirit Week, and the Bicentennial Homecoming. Regular activities were dances, the Disneyland trip and the Junior-Senior Prom. Activities for the future include a student run concession stand, guest speakers, and more rallies to raise spirit.

Junior Reserve Officers Training Corps

JROTC has been at Trevor G. Browne for the past four years. The battalion commander is C/LTC Wendy LeRoy. She was the first female in the Phoenix area to hold this high position. There were 14 officer positions, 9 occupied by male cadets, 5 occupied by female cadets. There were 109 cadets in the program, 84 male, 25 female.

There are five major clubs in the outfit. Men's Exhibition Drill Team, Women's Exhibition Drill Team, also Rifle Team. Rifle Team is open to the whole school. The Rifle Team has traveled to San Diego, California to compete.

There are many benefits from JROTC; scholarship possibilities, leadership training, and the art of self discipline -- you learn how to perform and you can gain may friends. The Team attends such competitions as the Governors Drill Meet and the Panther Cup Drill Meet.

For the past two years the JROTC unit at Trevor Browne has received *Honor Unit with Distinction* which means being in the top 10% of the nation.

Distributive Education offers a one or two year program in training, marketing and distribution. Marketing as a one unit course in the junior year serves as a foundation for the three unit Cooperative Merchandising course in the senior year. During the senior year, classes are attended in the morning, including Merchandising, to complete the graduation requirements. The afternoons are spent in on-the-job training in local businesses for which pay as well as credit is received.

The Speech Club has made remarkable advances this year. The membership has swelled in size and they participated in almost every tournament. The awards flowed in this year. Although a considerably small club, compared to other school, they placed at least one person in semi-finals in every tournament.

Memorandum

TREVOR G. BROWNE HIGH SCHOOL
7402 WEST CATALINA DRIVE
PHOENIX, ARIZONA 85033

DATE: June 3, 1976

TO: Trevor G. Browne Yearbook Staff

FROM: Karen Bosch, Editor

SUBJECT: Resignation

I, Karen Bosch, do hereby resign from the 1975-'76 Lair Yearbook Staff of Trevor G. Browne High School for obvious reasons which have led me to temporary insanity.

Sincerely yours,

Karen Bosch
